Benefits

Employee & manager benefit alike!

We've got a web application for our managers & a mobile application for our employees. So...

Increased transparency

Respecting employee privacy

Precise analytics

On/off-duty status

Monitoring KPIs

Lesser documentation

It's Good
for you.....

Cost containment

Easy to use
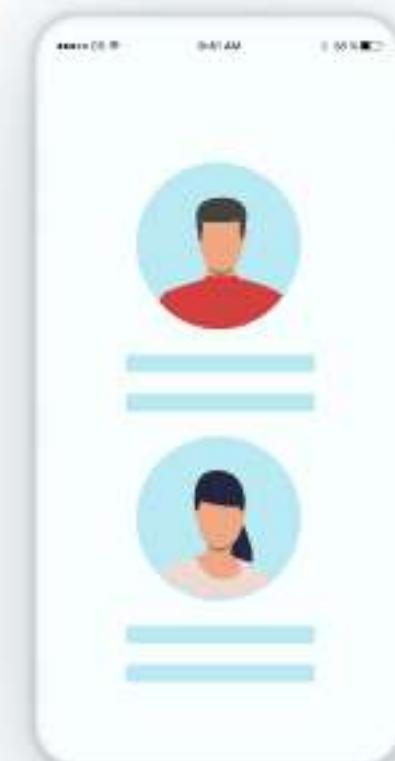

.... and for your
employees !!!

✓ Device-less tracking ✓ Utility in multiple domains ✓ Offline data collection

uffizio

Getting things done.

Creating new tasks could not get easier! And what's more, is that you'll get to monitor the status of these tasks after assigning them.
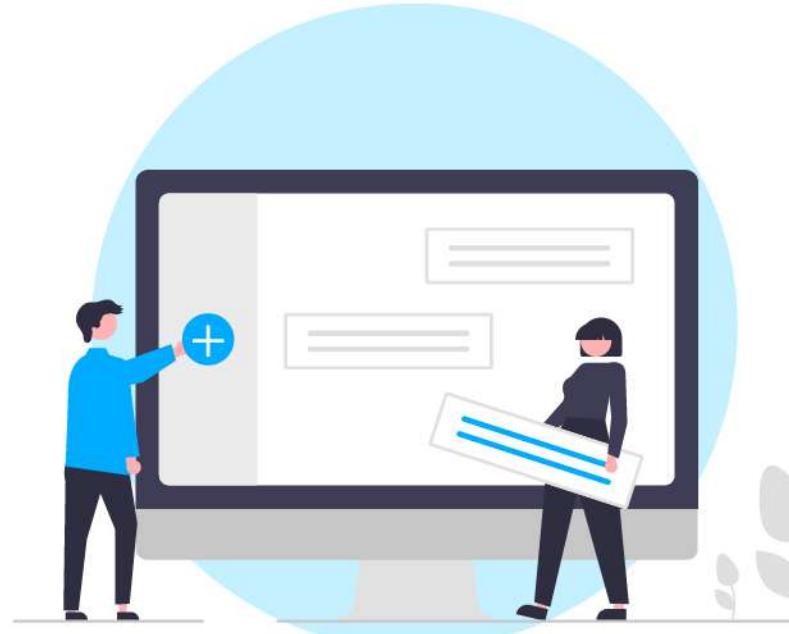

Enter task type, place of employee visit, & a time estimate
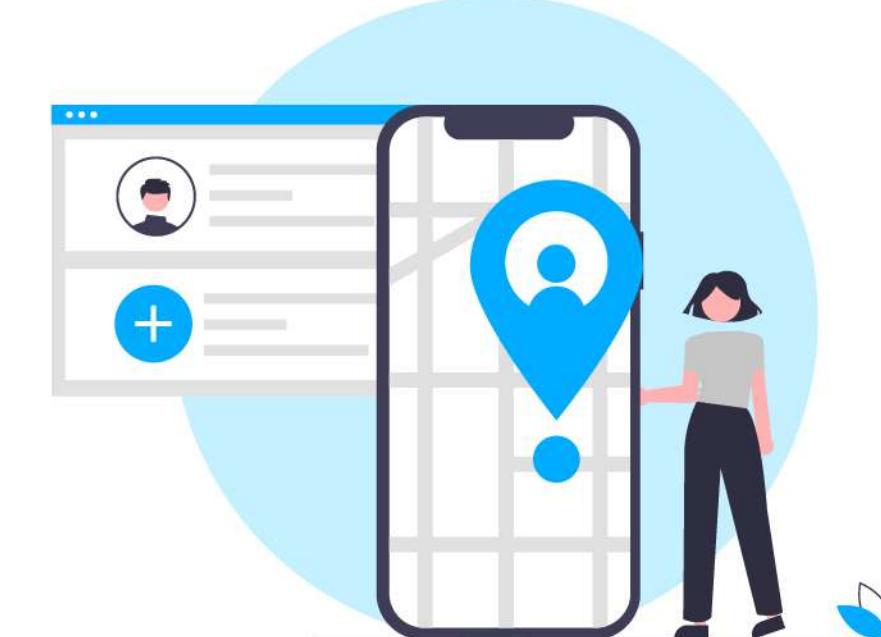

Allocate tasks based on employee availability and their geographic location
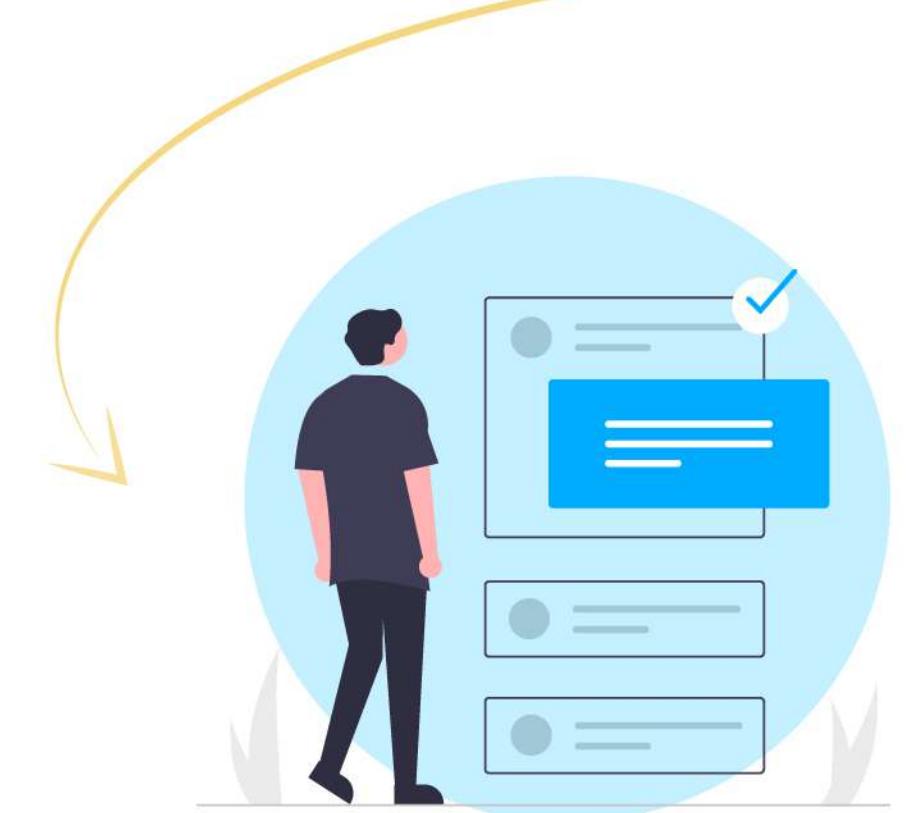

Get notified when an employee starts or finishes their task
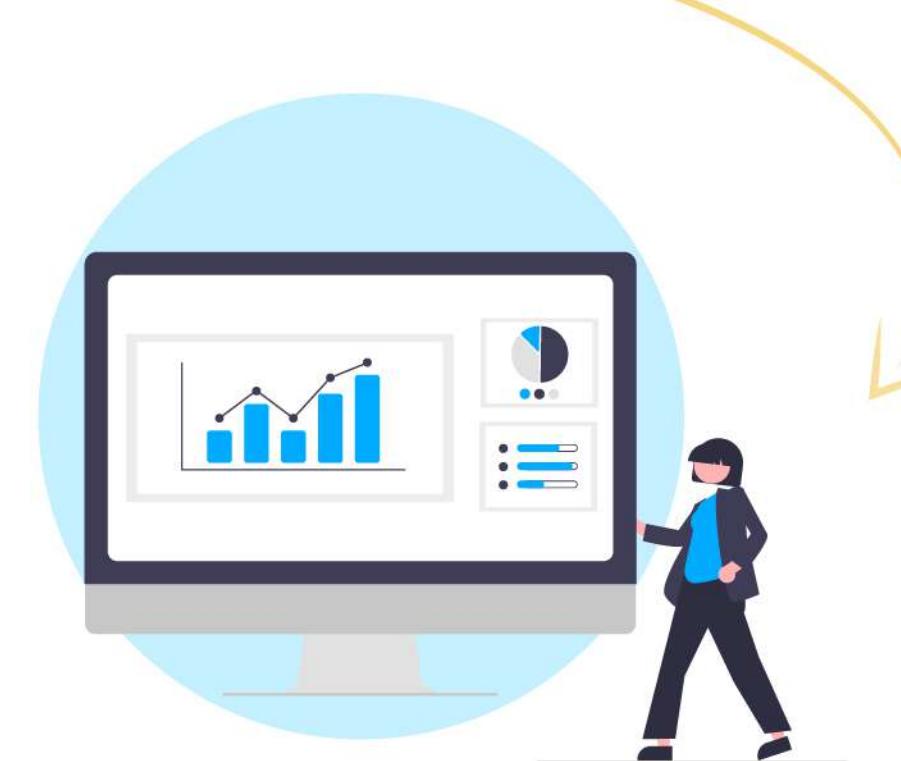

Monitor performance metrics and see how efficient your employees have been

uffizio

Managing Productivity

Because businesses don't operate in dark

Get complete visibility into how jobs get done in your company. See what's keeping your crew from finishing tasks on time.

MANAGER

✓ Access employee task history and work hours

✓ Identify missed or delayed tasks

EMPLOYEE

✓ Tasks begins when the employee reaches the defined job site

✓ Insights into completed & upcoming tasks

uffizio
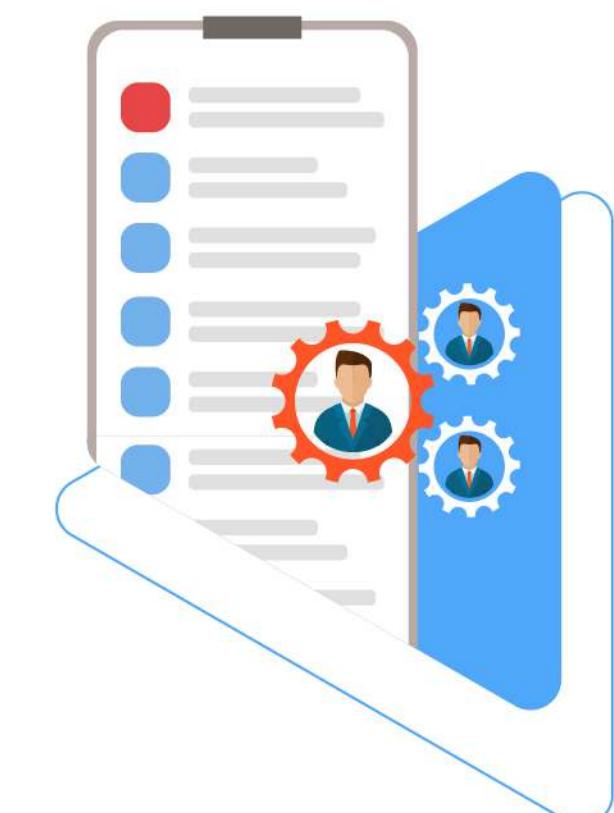

Expense Management
Set financial goals & actually meet them!

Stop chasing your employees for expense receipts and history. Instead, try TaskEye!
With it, employees will be able to take pictures of bills and submit them for review or reimbursement.

$1500

Summary of past expenditures

Track variable, fixed, & avoidable expense
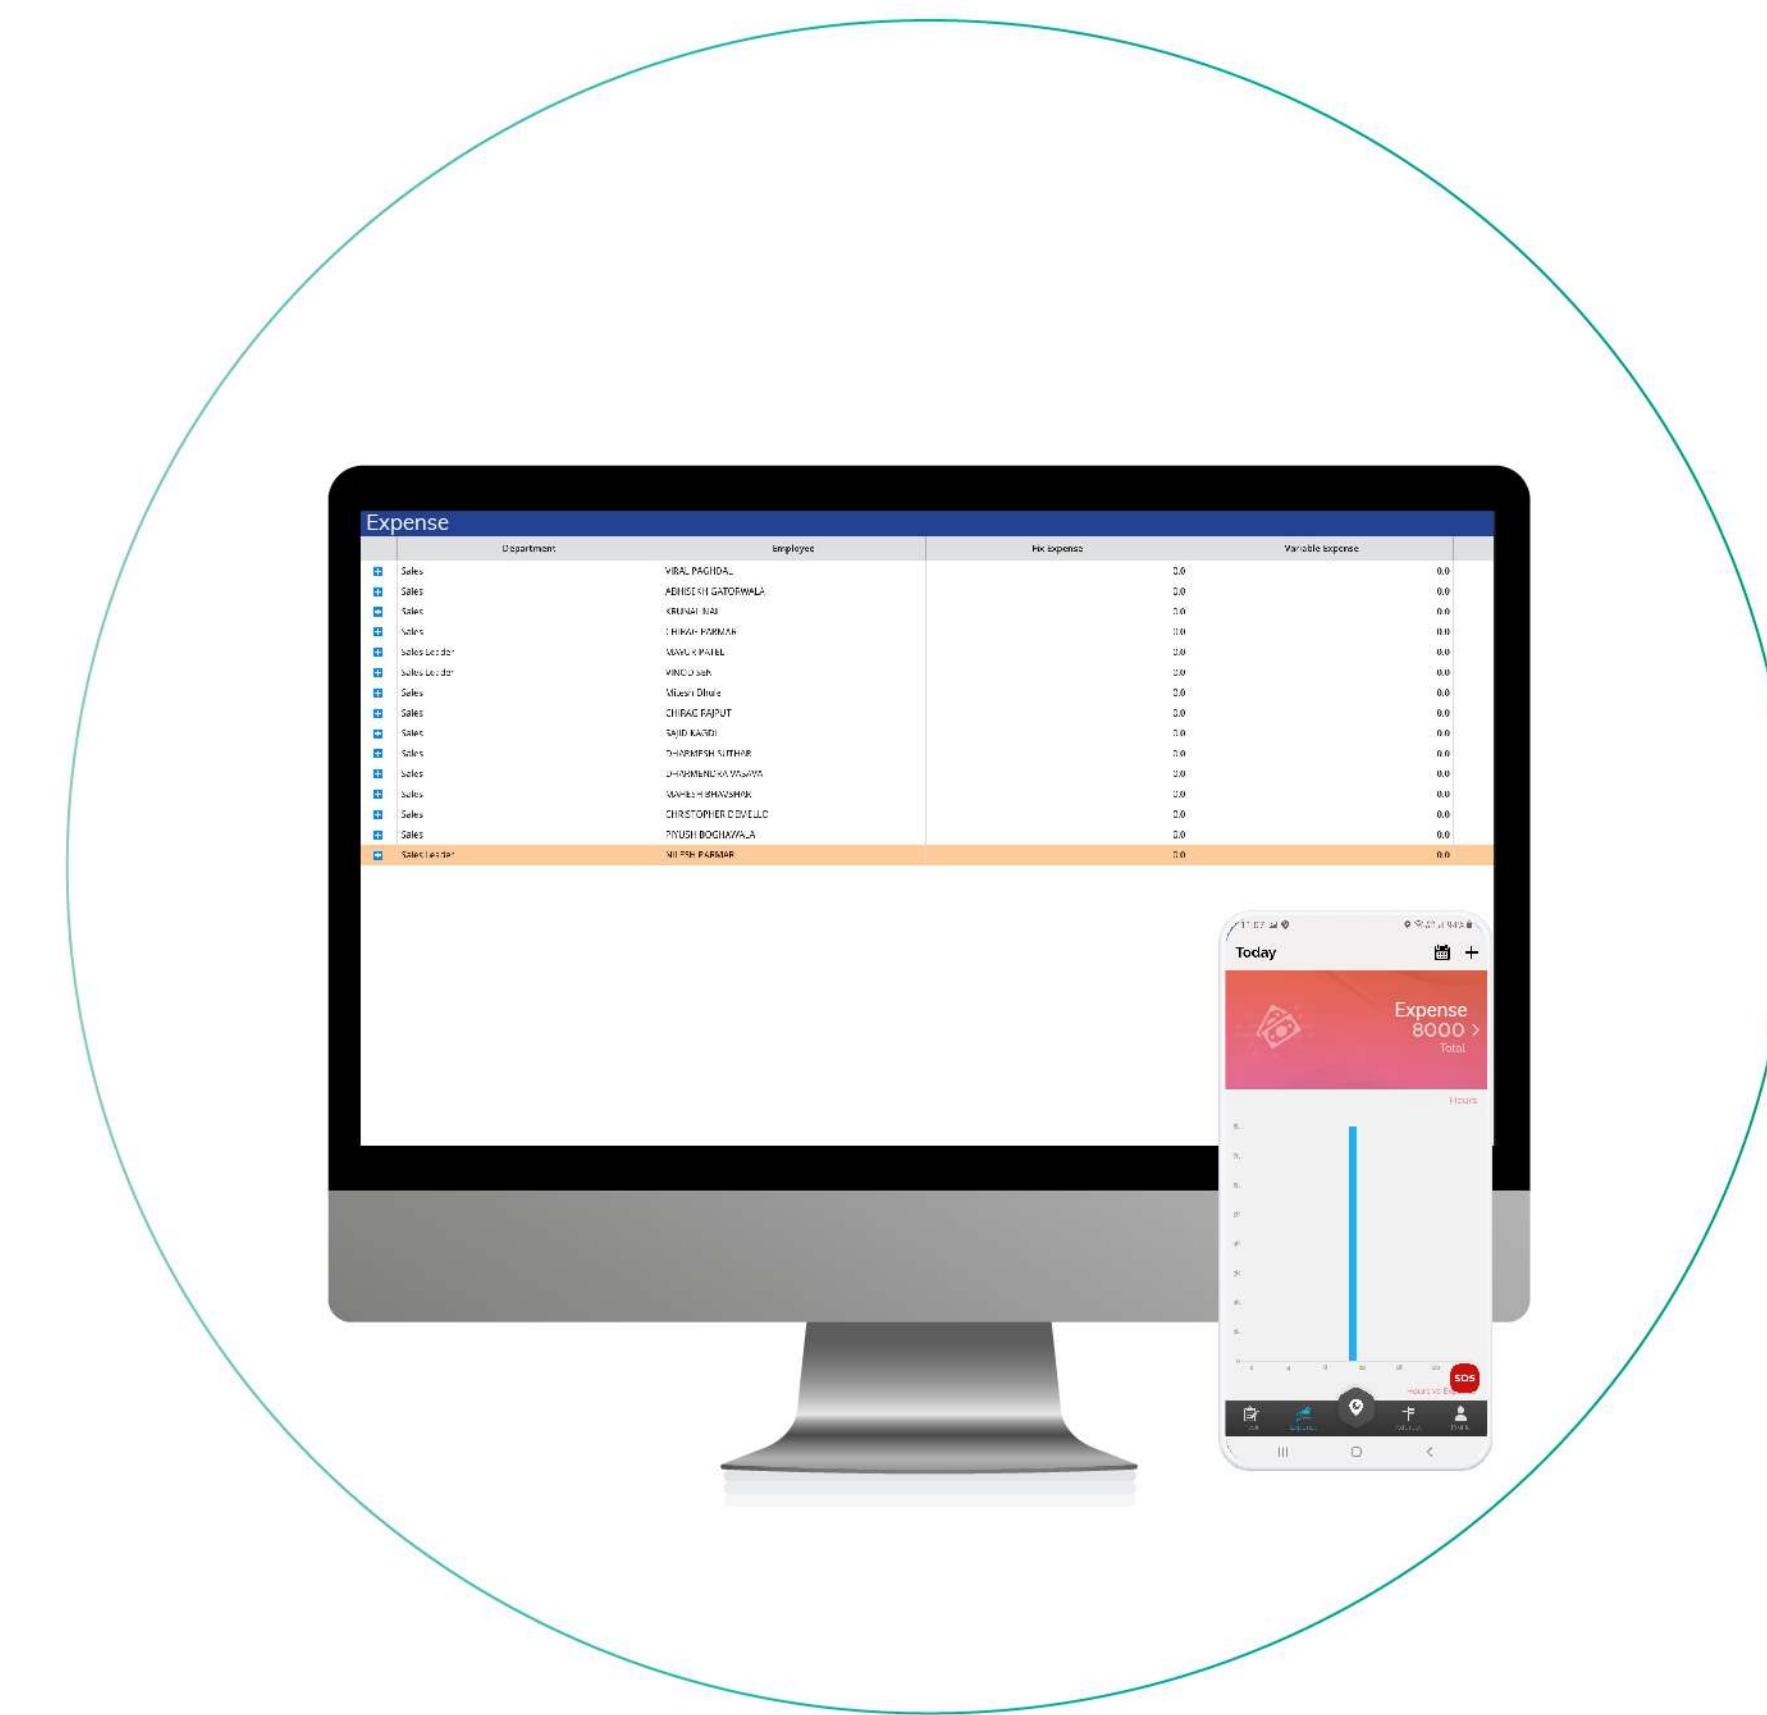

Employee Expense

Schedule expense reports

Monitor expense per employee

uffizio
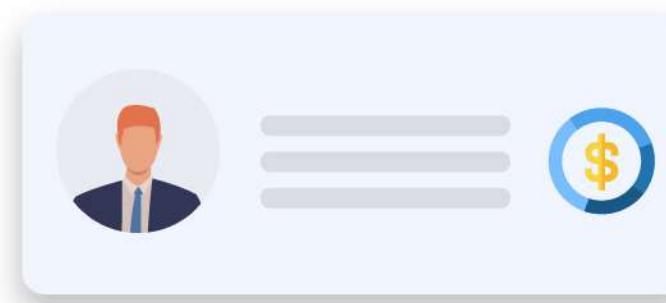

Geofencing

Let technology do the work for you

Are you still spending hours staring at the live-tracking screen? All this lost time just to see if your crew reached a job site or not? Here's a smarter way to do the same!

1 Frequently visited job sites are ideal for geofencing
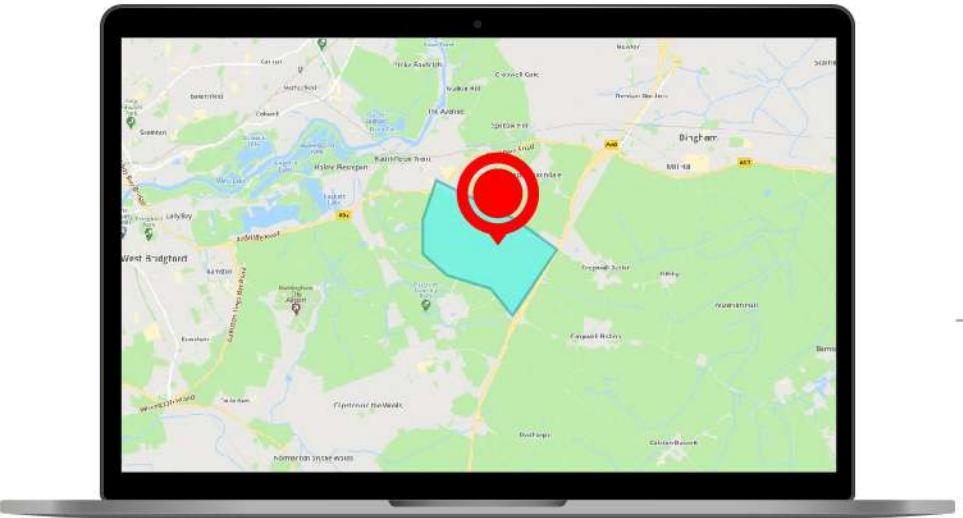

3 They can be color-coded and renamed as per convenience
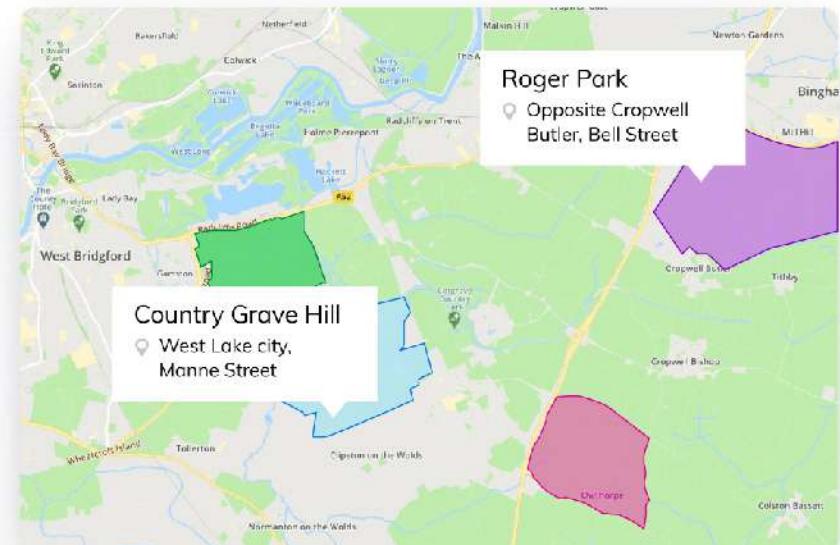

Add Geofence

Name	Lotus Park
Tolerance (meters)	10
Description	Employee No.5 crossed Bell Street

Geofenced areas can be quickly created in a few clicks.

2

Roger Park
Opposite Cropwell
Butler, Bell Street

Country Grave Hill
West Lake city,
Monne Street

4 Voilà! Now, you'll get notified every time your crew enters or exits a geofence.

John Dee has crossed BellGrave Street

Time & cost-efficient   Never miss an update   Track total number of visits

uffizio

Attendance Monitoring

Attendance taking—simplified

If your business requires your employees to step outside the office every day—then you must find a way to confirm employee attendance without having them come back to the office every day.

To mark their presence, employees need to:

Log in to TaskEye with the correct credentials
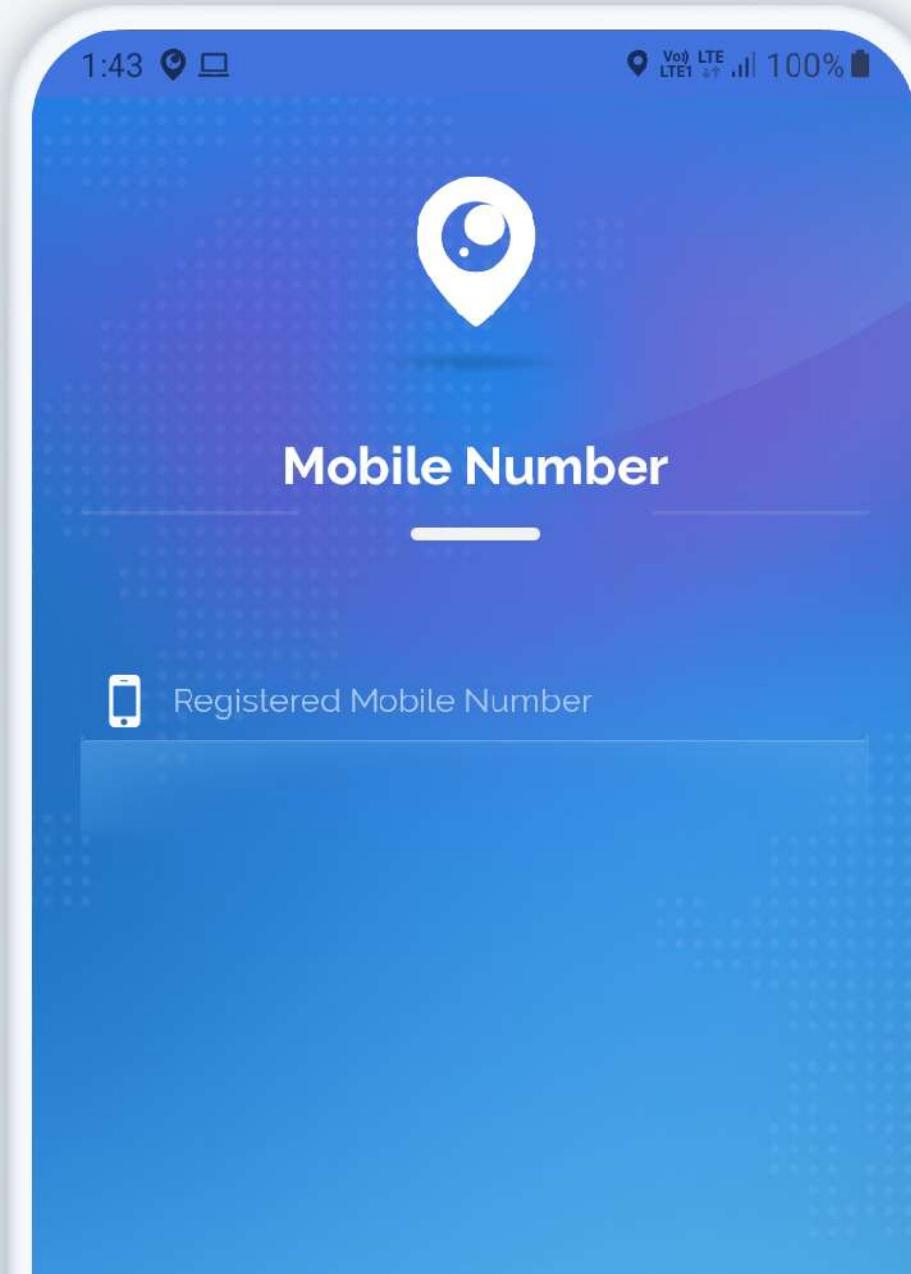

Change status from Off-duty to On-duty
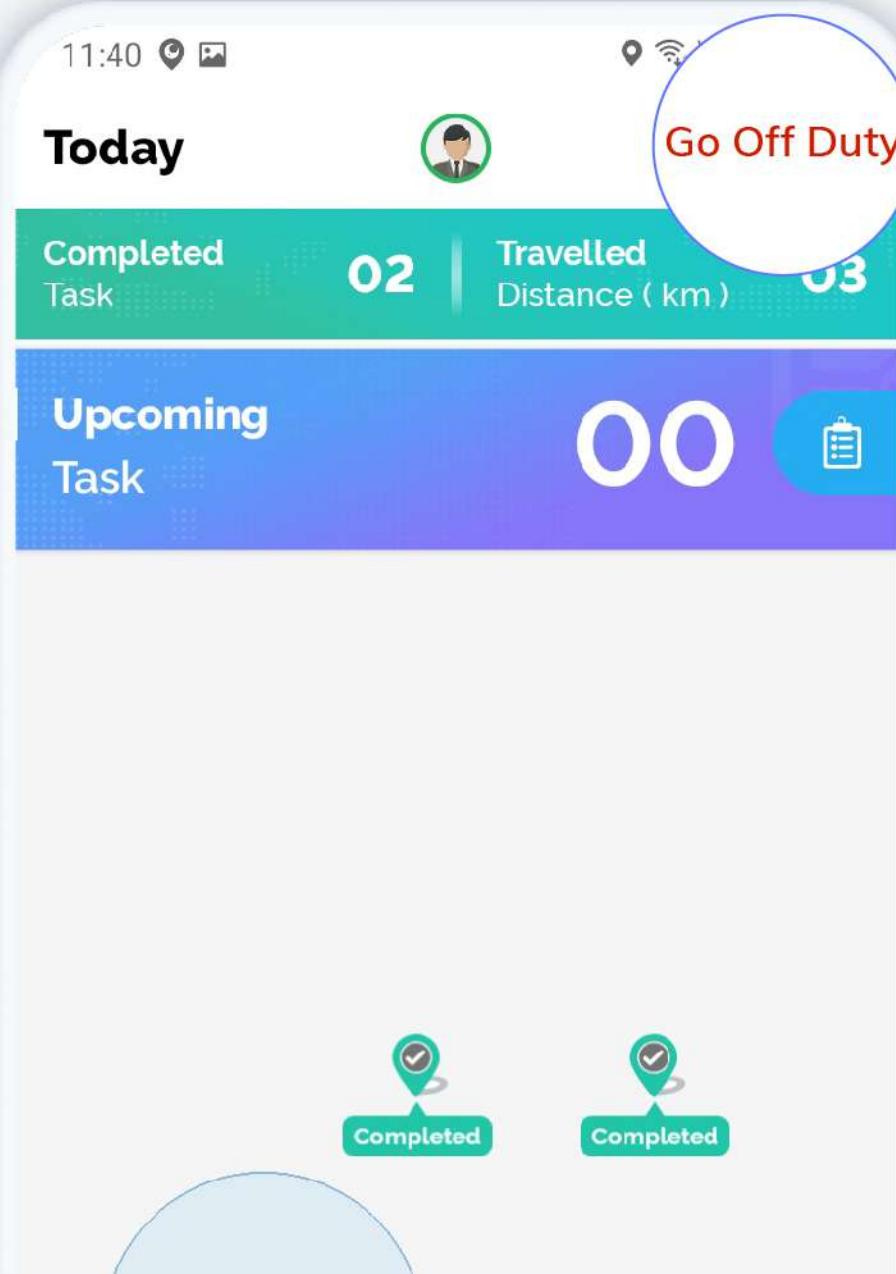

This change in status gets considered as employee attendance.

uffizio
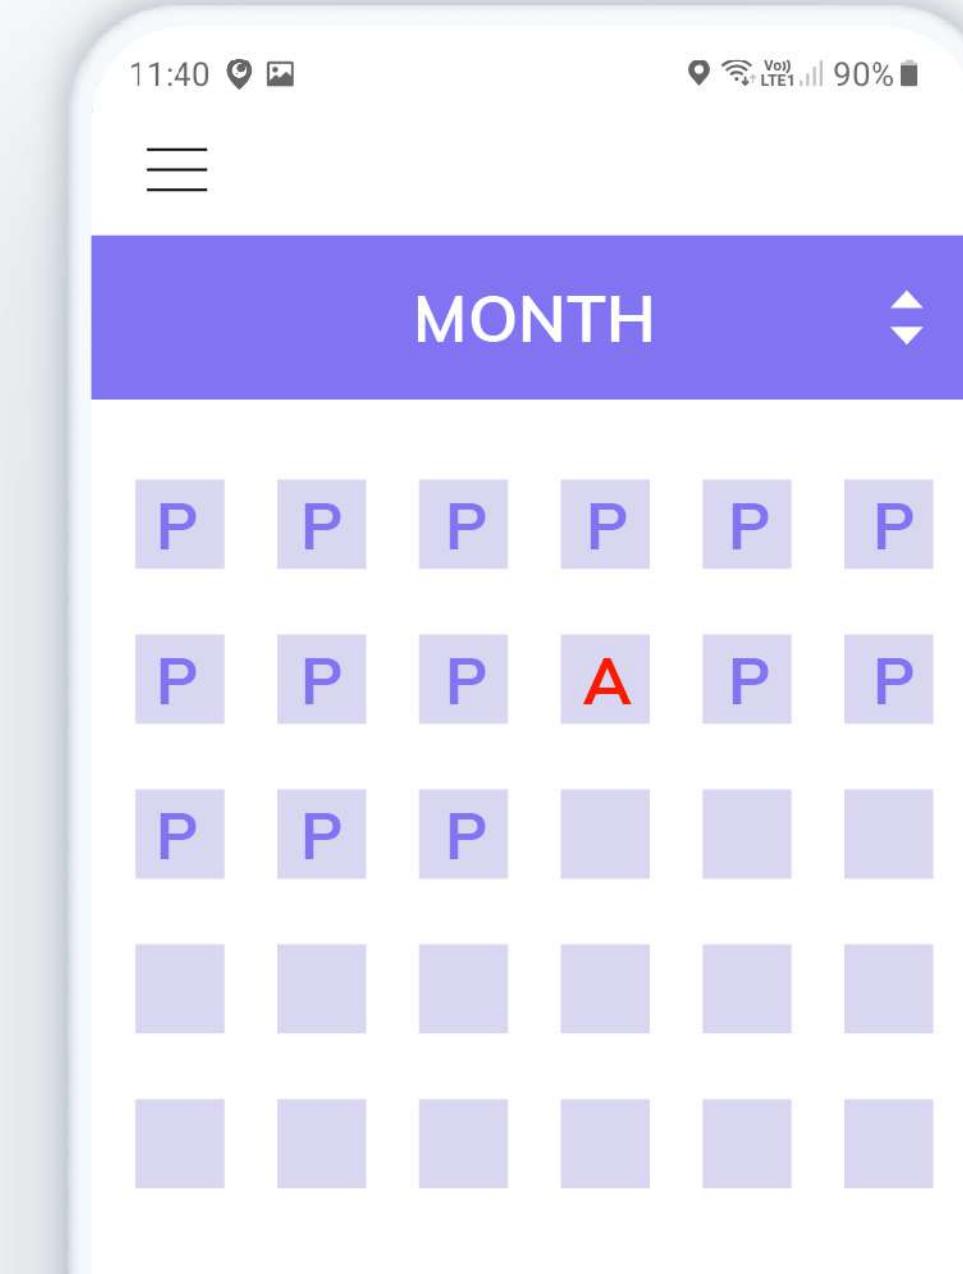

Leave Management

For effortless management of employee time offs

Can't seem to keep up with employee's leave records? Sit back & relax while TaskEye tracks it for you! Get to know the total number of leaves, leave type, dates, reason, & leave status—all from a single screen!

Employees can apply for leave through their mobile application

Managers can either accept or reject it

If accepted, details regarding the employee's leave will be recorded
